AUGUSTA, GA., Dec. 6.—Horace Greelly has written a letter to Governor Perry in which he says: The true basis of a settlement of our National difficulties is universal amnesty with impartial suffrage. He would have all disabilities on account of the rebellion or color, totally abolished, and trusts that such a basis of settlement will be fixed upon at Washington this winter.

In response Governor Perry says: The Southern people will never consent to impartial suffrage, as it would degrade the right of suffrage and demoralize the Government and society to allow blacks to vote. The Governor thinks a compromise to infranchise negroes who could read and write and had property qualifications, without disfranchising white persons, might, with reason and propriety, be acceded to by the Southern States.
